### Reading Log

After choosing a book of your choice, you will read for 20 minutes, then record in your journal for 8 minutes (put these entries in your Quick8 section). I'll collect and grade your entries AFTER our grammar unit.

For each journal entry, write the date on top of your entry.

#### Reading Journal #1:

- What is the name of the book?
- What led you to choose this title? (saw it in a store, friend's recommendation, etc.).
- What do you hope to gain from this book?
- Summarize the portion that you read today.
- Write about a character that you encountered today.

#### Reading Journal #2-5

- Summarize the portion that you read today.
- Write about a character that you encountered today.
- Write a prediction that you have in this story (e.g. I think this man is going to get into trouble with the police because...)

#### Reading Journal #6

- Write a response to this book. You can choose to write about any area you'd like.
-
